

E-Learning Specialist

- Do you have direct and recent experience with e-learning design and development?
- Are you proficient with e-learning development software such as Adobe Captivate and Flash?
- Do you have a working knowledge of HTML?
- Are you proficient with Web image, video, and audio development techniques and software?
- Do you have proven experience with adult learning principles, as well as the ability to identify and fulfill adult student needs?
- Have you demonstrated commitment to project management and instructional design processes?
- Do you enjoy collaborating with others to analyze training needs?

If you responded yes, consider joining one of the world's top franchise companies and one of Omaha's Top 5 Best Places to Work in Omaha.

Home Instead Senior Care is seeking an E-Learning Specialist to design, develop, and implement high quality e-learning opportunities to our franchisees. This position demands the ability to demonstrate effective oral communication and interpersonal skills, project management skills and sound judgment and decision-making skills. Candidates must demonstrate discretion, integrity, and fair-mindedness consistent with company standards, practices, policies, and procedures.

The successful candidate will also possess a degree in Computer Science, Adult Learning, or Educational Technology and/or two years equivalent work experience. Candidates with experience in developing successful, high quality e-learning courses and experience with e-learning and learning management system interoperability experience preferred.

Founded in 1994 with one office in Omaha, the Home Instead Senior Care® franchise network now comprises more than 800 franchises in the US, Canada, and nine other countries. These franchises achieve global service excellence with the support of dedicated Home Office staff members who **work right here for one of Omaha's best employers.**
